UNIVERSITY OF ALBERTA ALUMNI ASSOCIATION

Edmonton, Alberta,
December 1931.

Dear Fellow-Members:

We have decided not to issue a December number of the Trail. This action was taken in view of the following situation:

(a) The Council is reluctant to ask any alumnus to act as business manager of the Trail (even if anyone would be willing to act) by reason of the fact that advertising is practically unprocurable. It is not regarded as a profitable venture by business firms.

(b) Revenue from fees is not large enough to offset the reduction in advertising revenue.

(c) A deficit exists due to the printing costs of previous issues. The Council cannot be responsible for increasing this deficit by publication of further numbers.

This message is not primarily an appeal for alumni support of the Trail by way of fees, although this is obviously the only present method of keeping the magazine in existence. It is, however, an appeal for expression of opinion. If a sufficient number of alumni, over and above those who consistently and faithfully support the Association, indicate their desire and intention to keep the Trail "alive" the Council will act accordingly. If not, the alternative seems to be an occasional bulletin of this nature.

Hoping that a mandate for future action will be forthcoming, we are

Sincerely yours,
The Council of the Association

G. B. Taylor
Secretary.

ALUMNI NOTES

These notes will this time be unduly concentrated due to lack of space. I'm devoting a line or two to ask whether anyone has considered the make-up of the nominating committee for officers on the Council. Pat Bowman '28 who was in not long ago thinks there should be at least one member-at-large on it and the writer thinks that the immediate past president should also be a member. What do you think?

1912 - 1922

According to the U.S.P.O. Mrs. J.L. Miller (nee Winnifred Hyssop) '12 now resides at 2125 Willamette Blvd., Portland, Ore. Back in September I had the pleasure of hearing from Dr. Edith Hamilton '18, who is as far as she knows the only U.A. Alumna in Milwaukee, Wisc. (2702 Lisbon Ave.) she gives us a "bit of news regarding the long-lost Nathalie Erdman '17, namely that this alumna is principal of a girls' school (American Mission) at Hillah, Iraq." We hope to hear from Miss Erdman soon! Dr. Norman Clark '18 says that he has little news-travellers from the U. of A., few and far between - but reports that Professor Macgregor Smith plays a very decent game of golf. Dr. Clark is one who would be sorry to miss the Trail. I gather from an official post-office card that Marjorie Hotson '19 has a new address - 211--11 St., Saskatoon, Sask.--and presume she is still teaching. It was something new to have Syd Bainbridge's ('21,'23,'28) mail returned but enquiry at St. Stephen's College elicited the information that he is in England for a year. Away back in August a letter came in from Archie MacGillivray '21--this is my first opportunity of quoting more than the address: "The MacG. family now consists of three boys and one girl all of whom I hope are potential undergraduates... We have seen several Alberta graduates since coming to the coast among whom were "Sir" John Lillico '20, Bob Hollies '20,'21 and Steve Atkinson '22. It will be news to everyone to know that Steve is now married to Sally Collier, a graduate of U.B.C." I'd like to have the addresses of John and Steve--the latter has apparently left Lucerne, Washington. Another official card emphasizes the fact that Rose Rein '22 now lives at 7 Panama Court, Winnipeg. Doug Siopkin '22 writes from the address

given in the last Trail to say "just before Christmas (1930) I unexpectedly ran into an ex-Alberta student--John Colville who attended about 1920 --in the company store in this camp, Pedro de Valdivia. Another former student, Leonard Haw is working for the Braden Copper Co. down south of Santiago." I should not blame these expatriates for desiring to see the Trail continued. Some notes regarding other members of the 1912-22 group will be found in Dr. Alexander's contribution further on.

1923 -- 1926

I am certain that the percentage of "lates" to lectures on the second floor of the Arts Building was abnormally high during early November. People just couldn't get by Neil Stewart's pictures. Personally, I always felt like going into a huddle with anyone else of our class and shouting "Rah, rah '23" Impressions of a tour of Europe last winter, these "Travel Sketches" of English cloisters and market places, Gothic architecture and Mediterranean scenes were truly a delight to the eye.

There are seven Jamestowns in the U.S.A. but minute examination of a post-office card leads me to believe that W.A. Jarrett '23 resides in the N.Y. city at 503 - 504 Wellman Bldg. I should appreciate confirmation. Henry L. Gale '25 is now with the Manufacturers Life Insurance Co., 631 Main St., Saskatoon. I have a new address for M.W.L. Watts '26; viz., 708 Rosedale Crescent, Calgary. The Edmonton Journal announced on October 27 that Orson F. Wright '26 had been called to the bar and that he would practise at Flin Flon, Manitoba. An interesting October visitor was Rev. Kenneth Prior '26 now on furlough from Africa. He will be at the University of California for the second semester and may be addressed temporarily at 1316 - 15 St. N.W., Calgary. Our congratulations to Ronald Ma tland, '26, '28 who is now home from Oxford with a first in law (B.C.L.) and who captured the Vinerian Law Scholarship for 1931. I understand that Bob Bedford '26, '28 is now permanently settled at Prince Rupert, B.C.

At this point I am going to introduce two friends upon whom I can always count for alumni news. The first is Professor Alexander. "Max Wershef '28, '30 writes from Athens, August 24, 'I guess I'm degenerating into a regular tourist when I start sending picture post-cards to former professors. Am decking from Stamboul to Marseilles and so far it has been enjoyable.... I have had a glimpse of the glory that was.' Harold Reiber, '27 and Mrs. Harold (nee Norma Holmes) '28 drove Dr. Alexander to Stanford University from Berkeley to visit Sig. Nielson '22, '24, and his wife. Harold is winning favorable opinions at Berkely and sig has become a full fledged professor of law in Stanford University, though his daughter Carol (aged eight months) is rather distracting. Gwen Mullett '30 is continuing her work as Latin tutor and graduate student at Berkeley. I heard in Los Angeles that Arthur Donaldson '22 is regarded as one of the most distinguished of the younger engineers in Southern California and parts adjacent. He is now engaged on the great work at Boulder Dam."

Secondly, "Scotty" Campbell, '30, who is engaged in post-graduate work in agriculture.

From him I learn the following locations and, in some cases, vocations: Annett, Vic '29, (practising at) Wetaskiwin; Campbell, W.P. '23, '25 c/o Fuel Research Labs., 560 Booth St., Ottawa; Carlyle, R.H. '31, Expll. Farm, Manyberries, Alberta; Evenson, A.B. '31 (teaching H.S.) Banff; Hardin, H.F. '25 Forestburg, Alberta; Hardin, N. '25, c/o Asco Pharmacal Co., Winnipeg; Janzen, W.E. '31, (practising at) Wetaskiwin; Lantz, A.W. '31, University of Alberta; Lavery, C.M. '26, (teaching H.S.) Lacombe; Lehane, J.J. '31 (P.G. in soils) O.A.C., Guelph, Ontario; Meyer Miss E.C. '30 (teaching H.S.), Drumheller; Murray, W.B. '28 (inadvertently omitted from all prev. lists) (practising at) Exshaw, Alberta; Newlove, T.V. '31 (teaching H.S.) Mannville; Obee, C.G. '30, c/o Union Milk Co., Calgary; Padwick, G.W. '31, 11146 - 89 Ave., Edmonton; Walker, Earl, '26, '30 enjoying medical fellowship at U. of Chicago (home address 8418 - 104 St. Edmonton)

May I suggest again that when writing to friends in Edmonton you ask them to pass on your address to me?

1927 -

I am indebted to Charlie Hosford for the item in Vital Statistics re Ieo Telfer and also for the information that Imogene Secord '27 is now teaching at Wainwright. From Dr. Alexander I learn that Jacob Caspar '27 is continuing his studies at U. of Chicago and that his address is

1413 - East 60 St. Vic Weir '28 is now with the Northern Electric Co. Simcoe St. Toronto. J.H. Armstrong '28 is still with the Brooklyn-Manhattan Transit Co. but has shifted his quarters to Apt. D1, 662 East 21 St. Brooklyn, N.Y. Pat Bowman '28 still with the C.P.R. at Aldersyde was a welcome visitor in November and reported that he had seen Malcolm Wallace '25 who is farming near High River. A pleasant note from Alan Galbraith '28 arrived in October with a most appropriate enclosure, sent to me because "the treasurer may be fickle and change his name and person but you stay on our guide, sheet anchor, lodestone etc. etc." Alan also remarks that "the Alberta contingent are all fit. Saw Mr. Wiles the other day, looking very well. J.M. Rothney '30 is probably about but I haven't run across him. Dr. Valens('30) struggles to stay on the job were noted in the Edmonton papers. He has some interesting clippings in that connection." I hope that Mr. Rothney's address is as given in the Harvard Catalogue; viz., 34 Irving St., Cambridge, Mass. From another section of the U.S.A. (3558 - 6 Ave., San Diego, Calif.) I have this word of Dorothy Hartshorn '28: ".....what I really care about is the Trail...I understand there are a number of Alberta grads down here but have not run them to earth yet. I have a job on the local scripps-Howard paper - "The Sun"--so I may get to know them before the winter is over--a newspaper office is somewhat like Fifth Ave. and Broadway--sooner or later everybody in town drifts by." During the summer a letter from Marguerite McLellan '29 (2332 - 1A St.E Calgary) was passed on to me by Jimmy McMillan '24 late treasurer of the Calgary branch. Miss McLellan voiced her appreciation of the Trail and of the energy of the Calgary executive, and generously continued with some news of class '29. Where I know that this is now out of date I will so indicate: "Most of the Arts grads seem to be teaching - Helen Saunders at Grande Prairie, Leyda Sestrap at Vulcan (now U. of A. in medicine) and Evelyn Williamson at Coaldale. Kathleen Fewkes has changed her address to 524 Sunderland Ave., Calgary. Jean Black '30 is a librarian (now at the Library School, Univ. of Toronto) and Barbara McLaren '30 is teaching in St. Hilda's School for Girls, Calgary." A few new addresses for this group: Walters, Leonore '29, 610 Riverside Drive, Apt.48, New York City; Lando, Esmond '29, 1234 Matthews Ave., Vancouver; Lent, Ada '29 (H.Ec.teacher) 11107 - 88 Ave., Edmonton; Munro, Jean '29, Macleod, Alberta; McCalla, Arthur, '29, '31 2227 Dwight Way, Berkeley, Calif.; Siebert, W.J. '29 (practising at) Rosthern, Sask.; Murray, H.L. '29 (practising at) Bawlf, Alberta; Jones, Warren L. '29 Stavely, Alberta.

1930 - 1931

From the "Edmonton Journal" recently: "Miss E.M. Hartley '30, winner of the French Bursary at the University of Alberta and honors graduate in French and Latin has secured the diploma of "Ecole de Preparation des Professeurs de Francais a l'etranger" of the Sorbonne. Miss Hartley will remain in Paris for another year's study." The winner of this bursary for 1931, Dennis M. Healy '31 is, according to the Gateway, studying at the University of Grenoble Isere, France. Fred Ogden '30 writes appreciatively of the directory issue from 314 - 14 Ave. W. Calgary and closes with the heartening message "Carry on the good work." Of class '31 I note that Ken Argue is to be congratulated on having won the I.C.D.E. scholarship which he intends to hold at Oxford next year (he is at present doing P.G. work in Mental Hygiene here); that Bertha Welby is now living in London, (99 Addison Road, W. 14); and that Maurice Solberg of Carolside, Alberta has lost little time in placing himself in good standing. To these items I will add a few new addresses: Thomson, R.K. '27, '31 Univ. Hospital, Edmonton; Gibbons, Irene '30 (teaching H.S.) Turner Valley; Bowser W.E. '30 (P.G.) U. of A.; Hide J.C.
